Write the paragraph in **Future Tense**.

Last Tuesday, my class took a field trip to the science museum. Our teacher, Ms. Lily, was very excited. Did we see real robots? Not quite, but we saw some amazing machines! The bus ride wasn't long, and we all sang songs. I sat next to my friend, Sarah. She didn't stop talking about space.

At the museum, we first went to the energy exhibit. We learned about solar power and wind energy. Was it boring? No, it wasn't! We even got to pedal a bike to light up some bulbs. I didn't know electricity worked that way. Then, we explored the animal exhibit. We saw huge dinosaur bones and small insects under magnifying glasses. We didn't touch anything, of course. For lunch, we ate our sandwiches outside in the museum garden. The sun shone brightly, and a gentle breeze blew. Before we left, we bought postcards from the gift shop. It was a fun and educational day for everyone.
