Next weekend, my best friend Liam and I will go to the amusement park. We will ride the biggest roller coaster! My mom will drive us there. Will she stay with us all day? No, she won't; she will pick us up later. We will meet our other friends, Emma and Tom, at the entrance. Liam won't want to ride the spinning teacups because they will make him dizzy.

First, we will try the giant Ferris wheel. From the top, we will see the whole park! Will it be scary? Not for me! Then, we will head to the arcade. Liam will be really good at the basketball game, but I won't win many tickets. We will play some racing games too. For lunch, we will eat pizza and ice cream. We won't forget to get cotton candy! Before we leave, we will visit the gift shop. I will buy a small souvenir to remember the day. We will have an amazing time together, laughing and screaming on all the rides.
